Errors & Omissions Seminar

Time: 1:00PM - 5:00PM
CE: 4 CE credit hours
Place: Hotel Saskatchewan Regina
Presenter: Greg van Ginkel, AIIC/CIP, CCIB, CRIS, MLI, B. Comm (Honours, Actuarial)

No one likes making mistakes. However, mistakes are inevitable. The question is "how can you minimize their number and impact on affected parties".

This seminar is specifically designed for Brokers and will address those issues that create potential errors and omissions. Many situations of accepting liability are seemingly unavoidable because clients or underwriters insist on placing a broker in a position of no choice.

We will talk about how to overcome those situations and create value for clients and underwriters. The knowledge gained will put you and your brokerage in the uniquely more competitive position of being able to articulate why processes and procedures matter for both Insured and Insurers.

Greg is a seasoned insurance executive with 35 years as a local/international Broker. Greg has hands on experience with business development, servicing client programs, formulating and syndicating complex programs and settling claims. He's been a senior executive in two Global brokerages and more recently a large Regional brokerage. Greg has taught for the Insurance Institute of Canada, provided seminars for the Insurance Brokers Association of Saskatchewan and has been a regular speaker on the topic of risk management to provincial chapters of Canadian Risk Management Society and to Legal, Accounting, Architectural, Engineering and Construction groups across Canada. He's also an accredited course provider by the Insurance Councils of Saskatchewan.

The curriculum has been approved for 4 mandatory credit hours of Broker E&O insurance.
